

LED Underhood Light

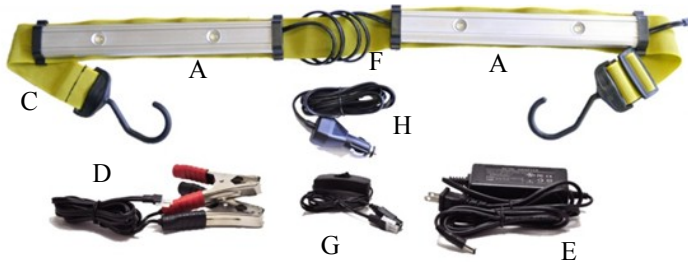

Pioneering LED Illumination

**Extruded Aluminum
Brightest for its size
Linkable LED Strips
Upgradable LED Modules**

**LIFETIME
WARRANTY
ON LED STRIPS**

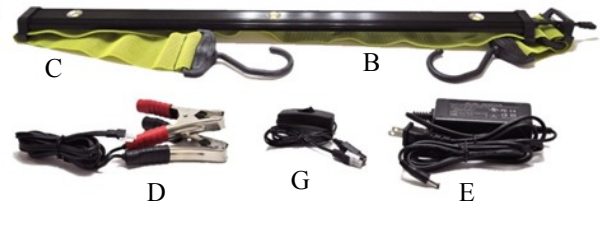

WORKS WITH 12VDC OR 24VDC BATTERY

Pictured: SNLUH21F2AC*

Components

- A: 1-foot 12-24VDC LED light strip*
- B: 2-foot 12-24VDC LED light strip
- C: Strap for the light strip
- D: Battery cable/clamps**

Pictured: SNLUH2F3AC*

Accessories

- E: AC power adaptor (12V/2A)
- F: Light strip linking cable (3-ft)
- G: Cable with on/off switch
- H: Car adaptor (6-ft)

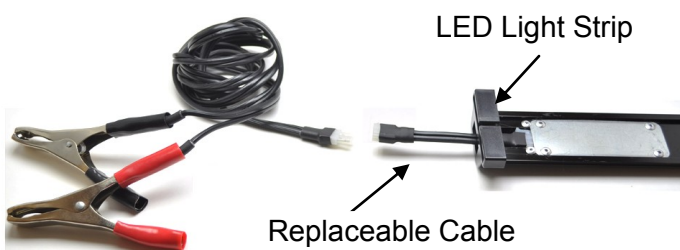

Products	Components Included	Light Output	Power Consumption	Color Temperature	Power Options
SNLUH1F2	A,C,D,H	1900 lumens	12 W	6000K	Car battery
SNLUH21F2	A,A,C,D,F,H	3800 lumens	24 W	6000K	Car battery
SNLUH21F2AC	A,A,C,D,E,F,G,H	3800 lumens	24 W	6000K	Car battery / AC110V
SNLUH2F3	B,C,D	2900 lumens	21 W	6000K	Car battery
SNLUH2F3AC	B,C,D,E,G	2900 lumens	21 W	6000K	Car battery / AC110V

* **24W ADAPTOR WILL OVERHEAT WHEN POWERING 2 UH2F3 OR 3 UH1F2 STRIPS.** Car battery clamps, car adaptors, or a 12V/60W AC adaptor should instead be used when powering 2 linked UH2F3 or 3 - 4 linked UH1F2 strips.

** **Clamp to battery before you plug in the LED strips; optional extension cable is available.**
